

Structural Engineers Association of Alaska SEAAK

November 17, 2021

General Meeting

Meeting Location: Virtual Meeting

Time: 12:00pm

Agenda

Announcements: Warren Lucas

[1] Nominations remain open for 2022 SEAAK Officer and Board openings until Friday November 19, which include VP, Secretary, and both board members for Anchorage. **Interested volunteers are currently available for all but the VP.** All positions will be voted on for either ratification or to resolve selection from several candidates. Voting will open the fourth week of November, and the results announced via Email on December 6.

[2] New Millennium Building Systems Webinar – Thursday November 18th

Joe Buntyn with New Millennium Building Systems is hosting a webinar specifically for folks from SEAAK from **12:00p – 1:00p on Thursday, November 18th**. He will be presenting on Total Steel Project Performance which covers how to improve project cost and delivery through progressive steel joist and deck design. More info can be found [here](#).

[3] Engineer of the Year Nominations are due on Monday, November 22. Please submit nominations to a member of the SEAAK Board.

[4] All Alaska PE/SE licenses are due for renewal prior to December 31.

[5] To verify participation for your CEU record, we will record attendees, and clarify any names not obvious from the screen identity. A confirming general email will then go out for any corrections or additions.

[6] Alaska State Fire Marshal has decided to adopt the 2021 IBC and is currently accepting public comments. More info on their website:

<https://dps.alaska.gov/Fire/regulations>

[6] Announcements or questions from membership. Be brief please.

[7] Next General Meeting on Wednesday, January 19, 2022. Topic: Changes to Snow Loads in ASCE 7-22 by Sterling Strait.

Presentation

Structural Design of 601 W. 5th Renovations, Mike Fiero, PE, Reid Middleton, Inc.

Closing: Greg Latreille
